WHAT DID WE DO THIS WEEK?

The students practiced cutting, tracing, and coloring in the lines this week. They also practiced playing in different centers in the classroom.

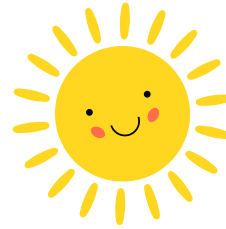

In phonics, we are rhyming like crazy! We are going to do a quick run through the alphabet, but will go back through each letter more in depth. We are also learning to break up 2 syllable words.

In math, we talked a lot about the 4 basic shapes: circle, square, rectangle, and triangle. As your child to tell you the poems for each shape!

The focus for reading this week was rules and expectations. We read a lot of books and did some role-playing. We did learn our first set of vocabulary words: dream, partners, plan, share, polite, and discover. These are also learned in sign language.

We also practiced the bathroom and recess procedures.
