JANUARY 22-26

WHAT DID WE DO THIS WEEK?

The students learned how to write upper and lower case Hh.

In phonics, we learned more about the long and short Ee. The sight words were: yes, they. Please add this to your student's ring of words and continue to practice.

In SEL (Social Emotional Learning) we learned about how to handling waiting patiently and keep our body in control. If others around us are not, we need to ignore it.

In math, we started learning about teen numbers 11-19. We learned that these numbers start with a 1 and the one means a group of 10. We will continue next week.

We continued with Module 5 in reading. We read the books: Ish and Let's Make Music. The vocabulary words were: energized, inspire, allow. Ask your child to show you the sign language for these words.

In Science we learned about Force and Motion. Ask your child to tell you the different forces we use every day. They really liked seeing the experiment with force. We will do more next week.

We celebrated the 100th day of school on Wednesday. We did a lot of activities to help us celebrate. I have all of the pictures posted in the "links" section or on our FB page. The kiddos also got to watch an assembly in the gym!
